

# ring belt sizer

## KALO

CONTEMPORARY JEWELLERY

### How to measure your ring size:

- 1) Print out this document. Ensure that when you are printing you DO NOT select the option to fit to page or to shrink to page.
- 2) Measure the outer box and ensure that it is 170mm by 50mm.
- 3) Cut out the sizer and make a slit where shown. Push the end through the slit to form a ring shape and slip it onto your finger.
- 4) Adjust to give a comfortable fit which goes over the knuckle without difficulty. Read off the letter indicated by the arrow - that's your size.

### Please note:

- 1) Ensure you can slip the sizer on and off your finger comfortably.
- 2) Do not pull on the sizer tightly as this will give you the wrong size for your finger.
